Subject: McFarland & Hullinger Reclamation Contract and Surety

Joelle,

Thanks for forwarding the above McFarland & Hullinger reclamation Contract and Surety to me for my review. I apologize for taking so long to review; I was out-of-state all last week and am only now getting caught up. The reclamation contract and surety appear fine on their face and unless you have specific concern, I recommend processing them in the normal course of business. If you have questions, please do not hesitate to contact me.
